

Appendix

On the following pages you will find various forms to make your efforts as easy and valid as possible. This is a preliminary effort, so make necessary corrections and create new forms as necessary. If you have suggestions please keep me informed of your efforts and results so we can adopt and create successful methods on a nationwide basis. I hope what we do with these forms can change the course that this nation is navigating. When you have exhausted the techniques available within these pages you will find there is a great deal of help available within the patriot community.
